SECOND NBA MEMBER CERTIFICATION

I certify that I have measured the above trophy on (date M/D/Y) _____

Name _____ Signature _____

Address _____

In order to record your trophy in the official Nebraska Bowhunters Association record system, this form must be completely filled out and sent to the NBA Records Chairman. Turkey must also be harvested under the laws of fair chase and meet the minimum score set by the NBA for typical and multi-bearded wild turkeys.

Photocopies of this form are acceptable if you don't want to clip from newsletter. You can also email it.

WEIGHT: All turkeys must be weighed (live weight) to the nearest ounce or hundredth-of-a-pound, on any scale.

IF YOUR TURKEY IS IN THE TOP 10 OF IT'S CATEGORY: It has to be weighed on a certified scale by the Nebraska State Department of Agriculture or is Federal Government, and the scale receipt (Signed and Dated) or hand written weight slip (Signed and Dated) must be attached to the score form. The top ten score for typical turkey now is 73 and 102 for non-typical.

BEARD LENGTH: Each beard must be measured from the center point of its protrusion from the skin and to the end of the longest bristle. All measurements must be certified to the nearest 1/16th of an inch by any NBA Officer, area representative or any P&Y measurer who is also an NBA member.

SPUR LENGTH: Spurs must be measured along the outside center, of the point at which the spur protrudes from the scaled leg skin, to the tip of the spur, and all measurements must be certified to the nearest 1/16th of an inch by any NBA officer, area representative or any P&Y measurer who is also an NBA member.

TOTAL SCORE: The formula for the overall score is the total weight in decimal form, plus 10 times the right and left spur length in decimal form, plus 2 times the beard(s) length in decimal form. A multi-bearded turkey must first meet the typical required minimum score before the additional beards can be added to the final score.

STANDARD CONVERSIONS

Measurements

1/16" = 0.0625
 2/16" = 0.1250
 3/16" = 0.1875
 4/16" = 0.2500
 5/16" = 0.3125
 6/16" = 0.3750
 7/16" = 0.4375
 8/16" = 0.5000
 9/16" = 0.5625
 10/16" = 0.6250
 11/16" = 0.6875
 12/16" = 0.7500
 13/16" = 0.8125
 14/16" = 0.8750
 15/16" = 0.9375
 16/16" = 1.0000

Weights

1 oz = 0.0625
 2 oz = 0.1250
 3 oz = 0.1875
 4 oz = 0.2500
 5 oz = 0.3125
 6 oz = 0.3750
 7 oz = 0.4375
 8 oz = 0.5000
 9 oz = 0.5625
 10 oz = 0.6250
 11 oz = 0.6875
 12 oz = 0.7500
 13 oz = 0.8125
 14 oz = 0.8750
 15 oz = 0.9375
 16 oz = 1.0000
